

## THE MEDINA SENTINEL

The only Democratic newspaper in Medina County and the official organ of the county Democracy.

Entered at the postoffice at Medina, Ohio, as second-class mail matter, Oct. 13, 1888.

MRS. MARY K. LONG, Owner and Publisher  
GEORGE M. DENTON, Editor and Manager

Subscription price: Per year, \$1.00; six mos., 50c; three mos., 25c; Single copy, 5c; all subscriptions to be paid in advance.

## THE DEMOCRATIC TICKET SHOULD BE ELECTED

We believe that the various political parties of Medina county never have put up an array of men on their election tickets who for capability and integrity surpass those of this year. These men are well known in the county and enjoy a high standing with the people. It is scarcely to be doubted that there is a single man named on any one of the different tickets but who, if elected, could and would perform his official duties with credit to himself and his country.

But the opportunity cannot be given to all of these men. Many must go down to defeat. The question then resolves itself, to whom shall we give the offices? If, as we have just stated, the nominees are of equal ability and integrity, then in casting our ballots we should consider another qualification. We should examine closely the principles of the party for which the seekers of office ask our support.

The national and state administrations at the present time are Democratic. Both have made and are making good. We cannot understand how this can be honestly denied. Regardless of party, it is of general acknowledgment that Woodrow Wilson has proved himself to be one of the few big men and presidents this country has ever known. Then he should be given all the support possible in the carrying on of his great work for us. The congress should be Democratic. Governor Cox has been doing a like work in Ohio. For achievement of sound and beneficent legislation we believe it no exaggeration to state that he has surpassed any and all of his predecessors in the office. He, then, likewise should be provided with Democratic legislation, one in harmony with his marvelous ideas for Ohio's welfare.

Beginning then, with the national office, Medina should do its full part toward returning to Congress that level-headed and fearless champion of the people's right, Ellsworth R. Bathrick; a man who is in complete harmony with President Wilson and whose friendship and confidence he enjoys.

Coming to the State administration, the people of Medina county owe it to Governor Cox to send to the legislature that sterling young Democrat, Dana F. Reynolds. He is a young man of clean habits, excellent education and high political ideals. A man of the type who could not sit idly in his seat and permit a few political shysters and lobbyists to run things.

If the importance of upholding the principles of Democracy as regards the national and state administration is conceded; if they are regarded as the better principles in guiding the governing heads, then, other things being equal, by the same token those gentlemen representing the same tried and true principles whose names appear upon the Democratic ticket as nominees for the various county offices, should be elected with an overwhelming majority.

And we believe they will be.

That William Jennings Bryan is a conscientious Christian gentleman and consistent and radical temperance advocate we never have heard denied. Also it is known that President Woodrow Wilson is the same high type of man. Republicans and Progressives charge Gov. Cox with being allied with the liquor interests of the state. Do you believe that Mr. Bryan or Mr. Wilson would urge the re-election of Gov. Cox or any other man whom they knew was against the cause of temperance? We do not.

Do you think that Editor Alexander of the Zanesville Signal, one of the best known and most radical temperance men in the state would come out flat-footed for Gov. Cox had he not known the latter to be absolutely free from the liquor interests? Read what the Signal has to say. We reproduce it on page 3.

Examine the county ticket and read our editorial on page 4. Ponder over it and if you think we are wrong, show us. While not residents of Missouri, we are quite willing to be shown.

A vote for Bathrick is a vote for Wilson. A vote for Dana F. Reynolds is a vote for Gov. Cox. A vote for the county Democratic ticket is a vote for both the nation and state.

Vote the straight Democratic ticket.

Compensation  
Law in Medina

Some conception of what the compulsory Workman's Compensation law has done for the workmen of Medina county since it was placed on the statute books of Ohio by the present Democratic administration can be formed from the records of the Ohio Industrial Commission. The Board of Awards, during the first six months of the year, the period ending June 30, 1914, allowed a total of 26 accident claims which had been presented by workmen and their families in this county and on the basis of those claims allowed awards aggregating the sum of \$774.00.

This sum was distributed among wage earners who had the misfortune to suffer injuries while engaged in their daily occupation and they were not required to wait until their claims had been fought for several years in the different courts of the state. The state of Ohio paid them their compensation and paid for their medical attendance which was due them and at the time when the assistance was most needed.

How much compensation and what amount for medical, hospital or funeral expenses would any of these unfortunate wage-earners have received if they had been met with the misfortune, if they had been compelled to take their cases into the courts, and what proportion of their awards would have had to be divided with the lawyers had they secured awards through the medium of the courts and the lawyers?

Under the provisions of the Workman's Compensation law, the state of Ohio pays the injured workman and the families of wage-earners who have the misfortune to lose their lives in their daily occupation without waiting for the grind of the courts and the divisions with the lawyers.

In view of this fact, is it to be wondered at that the laboring men of Ohio are supporting Gov. Cox who gave them the protection afforded by this humane law.

## TEACHER TELLS OF WAR

Members of Medina High school spent a very pleasant and profitable hour Monday morning when they were accorded the privilege of listening to Miss Eleanor Schmidt, former teacher of German in the Medina High school, but now with the University of Akron, relate her experiences in Europe at the outbreak of the present war there. The war was fortunate enough to be present and gathered knowledge of the situation in Germany that through Miss Schmidt could safely be regarded as first-hand and which for obvious reasons was somewhat at variance to the news that has been reaching this country colored to suit the temper of the enemy through whose countries the news had to pass. We regret that we are unable to give the entire address of Miss Schmidt. A most enjoyable feature of the morning was two songs, one in German and the other in English, sung by Mr. Fred Bohy. Then came some songs sung by the school under the direction of Jos. Seymour. Before closing the program Supt. Edmunds introduced the new evening superintendent, Mr. Clarence Marks, who spoke a few minutes, concluding his remarks by happy announcements.

## THE CHURCHES

## Methodist Episcopal Church

Sunday, Oct. 25—Preaching service; theme, "The Comfort and the How"; 11:30 Sunday school, D. R. Pelton, supt.; Our school has reorganized for the coming winter's work. We think we are going to do better work than ever before. We want you to work with us and profit from the services, if you have not been going elsewhere; F. W. Haas, pastor.

## First Baptist Church

Sunday, Oct. 25—10:30 a. m., morning worship; sermon by pastor, subject, "A Well Spent Day"; 11:45 Bible school, S. F. Dimmock, minister.

## Congregational Church

Morning worship at 10:30; sermon by the pastor, Sunday school at 11:45, H. Samuel Fritsch, pastor.

## St. Pauls Episcopal Church

Sunday, Oct. 25, morning prayer and sermon at 10:30; Sunday school at close of service; evening prayer and sermon at 7:30; Men's club; Wednesday at 7:30, Bishop DuMulin will administer the rite of confirmation, Rev. Wm. V. Edwards, rector.

## VALLEY CITY

The home of Mr. Bodecker was totally destroyed by fire last Saturday night about 6 o'clock. The house caught fire by a leak in the pipe and getting headway before it was discovered by neighbors. Mr. Bodecker is a carpenter and was not at home when the fire started, but arrived home just in time to see it all ablaze. Mrs. Bodecker and her eight children were all that could be saved after the fire was discovered. Any donations of food, clothing or money will be acceptable, for they are very much in need. Much has been done toward it, but let us still help.

Mr. Harburt, State School Inspector gave an interesting talk on centralization of schools Thursday. He gave a talk at the schools during the day and at the hall in the evening. Every one please give one thought to the centralization of our schools, for that is a very timely thought, election time is drawing near.

Mr. Frank Hoppe of Lima is spending his vacation at home with his parents, Mr. and Mrs. Chas. Hoppe.

The sick in town are improving. Mrs. Conders entertained a wagon load of people from Cleveland Sunday.

Mr. and Mrs. Chas. Parker are going to move to Connecticut in the near future.

There is to be a Democratic meeting held at the town hall Saturday evening. Good speakers to be present. All are welcome.

## LAFAYETTE

H. A. Swartz of Lulu, Mich., visited in the vicinity of Lafayette theater part of the week.

John McElroy and wife and Wayne Carlton and wife ate Sunday dinner with Mrs. Laura Clark and her father Z. Day of Chippewa Lake last Sunday.

It being the 97th anniversary of Mr. Day's birthday.

Rev. Fritsch and Mr. E. R. Root will give a stereoscopic lecture in the town hall Wednesday evening, Oct. 28, at 7 o'clock, standard time. Everyone is invited to attend.

On Friday evening, Oct. 30, Rev. Dimmock of Medina will speak on the temperance question at the Walts church. Exercises to begin at 7:30, standard time. Come every body and hear this all important question discussed by one of the ablest speakers in Northern Ohio.

I feel that the welfare of our country is, figuratively, now crossing a stream. A war in Europe has assaulted our Commerce. It needs a steady hand and level head to see that it goes no farther. President Wilson will guide the country's domestic and foreign policy two more years. I believe he has done all the people a great service in this critical period. It is practically certain, that he will have a Democratic Senate. Of what use, except to create turmoil, would be a Republican House of Representatives?

A business boom is on the way. A change in Congress does not seem a plan to help the country at this juncture. It will only hinder by an enlargement of power to interfere, attempt new changes of doubtful value, and create uncertainty. Whatever any one may think of Democratic legislation, it cannot be good judgment to attempt a reversal now.

I trust the people of Medina county will respect me sufficiently to believe that I offer these suggestions in a desire to be patriotic, and that I am fully conscious of the fact that men of all parties wish to do the best for the country.

Fate puts me on the stage at this hour and while I seek re-election, I would be unworthy of it, if I were not sincere in the belief that my services have been and will be important to our country and my District.

## For Congress

SOMETHING  
for  
NOTHING

You all know that you get no more than you pay for. When you pay from \$2 to \$3.50 for a shoe, there is no way of getting four or five dollars worth of goods out of them. Any retailer will tell you that you will get twice the wear from a \$4.50 or \$5 shoe and at the same time have better style than you get in two pairs of \$3 shoes.

We carry some cheap shoes—in fact we think we have better values than any one else can give for \$2.50 and \$3—but we encourage the purchase of BETTER SHOES.

YOU CANNOT GET SOMETHING FOR NOTHING

FISHER'S  
The Store of Quality

## A 90 H. P. Heater

If heating power were reckoned by horse-power, the Estate Triple Effect would be rated 90 H. P.—and then some.

For this big, handsome natural gas heater, with its immense radiating surface, its powerful reflectors, its wonderful hot-air circulating system, marks the very limit of heating power. It is as far ahead of the ordinary natural gas heater as the long, low, racy motor-car models are ahead of the clumsy, one-cylinder affairs of seven and eight years ago.

THE  
Estate  
Triple Effect

is the most notable—most popular improvement in heating stoves that has ever been made. It works like a furnace because it's built like one; does more and better work than any furnace, and costs about half as much to maintain.

Of course there are lots of limitations. But no stove can be a TRIPLE EFFECT unless it's an ESTATE—the exclusive features of the original and only genuine ESTATE TRIPLE EFFECT are patented.
